

PRODUCT RECALL: SUUNTO WIRELESS TANK PRESSURE TRANSMITTER AND SUUNTO TANK POD

Suunto has issued an important safety notice regarding Suunto Wireless Tank Pressure Transmitters and Suunto Tank PODs:

Suunto has identified a potential safety risk affecting all Suunto Wireless Tank Pressure Transmitters and Suunto Tank PODs which wirelessly transmit tank air pressure to compatible Suunto dive computers. In two reported incidents, the exterior case of a Suunto Wireless Tank Pressure Transmitter has failed during regular dry land pressure testing. Although extremely rare, this represents a potential risk of injury, due to the risk of bursting.

Diver safety is of highest importance to Suunto. That is why **Suunto has decided to initiate a recall of all Suunto Wireless Tank Pressure Transmitters and Suunto Tank PODs.**

Affected Products: All Suunto Wireless Tank Pressure Transmitters and Suunto Tank PODs.
